What is ComMediaN?

ComMediaN provides those with an interest in media with the opportunity to develop their knowledge and experience benefiting both themselves and the community at large

If you are under 25 and would like to learn or develop your media skills then this could be the chance you have been waiting for! ComMediaN use their skills to cover events involving others under 25 years old to highlight all of the good work that young people do for their communities.

At this event you will get a sample of the kind of work we get up to by attending your choice of two free workshops delivered by ComMediaN members and professionals.

The workshops available are:

Video Interviewing: Learn how to set up for the interview and how to frame the shot.

Creative Photography: Discover what makes a good photo and put your skills to practice.

Video Editing: An introduction to video editing with handy tips, do's and don'ts.

Writing for Media: How to write professional press releases and get your work noticed.
